ARDFC PROJECT 2020:

SCHOOL EXPANSION IN PARAGUAY TO HELP BREAK THE CYCLE OF POVERTY

GOAL: US \$79,099 – C \$111,617

THE PROJECT: To improve the community's educational opportunities, in 2017 Redeemer Anglican Church and the Anglican Church of Paraguay began an expansion of El Redentor School. This new project will complete the second stage of the school's expansion, adding four new classrooms and an office for the administration. These modifications will double the enrollment, and allow the school to eventually serve students from preschool to ninth grade. The school will teach students Christian values and help them gain an understanding of the Christian faith. The facilities also will be used by community members who will host a Saturday Bible club and sports for children.

ABOUT ARDFC

Global poverty and suffering can seem overwhelming and, with hundreds of charities claiming to meet the need, why should you choose ARDFC?

SUSTAINABLE DEVELOPMENT: Our projects are rigorously researched before approval to determine risk, impact, and sustainability. Projects are designed to meet specific goals in particular communities, and success or failure is objectively assessed upon completion. All project reports are public, and all funds support only the projects for which they are designated.

TRUE PARTNERSHIPS: Our projects are based on real relationships with local communities and are always locally initiated and locally implemented for maximum community involvement and impact. And as a member of the larger ARDF “family”, we have earned credibility and respect with Global South Anglican leaders.

CHRIST CENTERED: We believe that the gospel sets us free to love our neighbors as Christ loved us – as an expression of God's transforming grace. We also believe that the Great Commission is integrally linked to the Great Commandment, so all our holistic projects incorporate an evangelistic element.

TRANSFORMING OUR WORLD: ARDFC – together with ARDF – has partnered with Anglican churches in the developing world to complete 151 high-impact, sustainable development projects worth \$7 million around the globe over the last seven years. In addition, we have sent more than \$1.5-million for urgent disaster relief needs.
