Combatting poverty and malnutrition in Burundi

Goal: \$26,000 US (~\$36,000 Cdn)

The need: Burundi, a tiny country in central Africa, is ranked among the five poorest countries in the world. About 50% of the children are considered chronically malnourished. It has seen more than its share of ethnic conflict and political turmoil.

The project: The Anglican Relief and Development Fund Canada (ARDFC) is partnering with the Diocese of Muyinga in Burundi to introduce and train subsistence farming families in better agricultural methods and provide them with farming tools, seeds and goats. Our goals are to improve productivity, nutrition and income so the farmers become self-sustaining and able to send their children to school.

Transforming Our World

Global poverty and suffering can seem overwhelming and, with hundreds of charities claiming to meet the need, why should you choose ARDFC?

Sustainable Development: Our projects are rigorously researched before approval to determine risk, impact, and sustainability. Projects are designed to meet specific goals in particular communities, and success or failure is objectively assessed upon completion. All project reports are public, and all funds support only the projects for which they are designated.

True Partnerships: Our projects are based on real relationships with local communities and are always locally initiated and locally implemented for maximum community involvement and impact. And as a member of the larger ARDF “family”, we have earned credibility and respect with Global South Anglican leaders.

Christ Centered: We believe that the gospel sets us free to love our neighbors as Christ loved us – as an expression of God’s transforming grace. We also believe that the Great Commission is integrally linked to the Great Commandment, so all our holistic projects incorporate an evangelistic element.

Transforming Our World: ARDFC – together with ARDF – has partnered with Anglican churches in the developing world to complete 144 high-impact, sustainable development projects worth \$6.7 million around the globe over the last seven years. In addition, we have sent more than \$1-million for urgent disaster relief needs.
